HUMILITY-Led. **DATA**-Focused. **IMPACT**-Driven.

Services, Core Values, and Getting Started

What we do:

- Program Evaluation
- Logic Models and Theories of Change
- Performance Measures
- Focus groups, Interviews, Surveys
- Data Analysis
- Reporting (grant, annual, or other)

How much does it cost?

We have a few set price offerings you can explore on our site, including an [Evaluation Audit](#) and an [Organizational Metric Review](#). KC bills at \$100/hr or by set deliverable. However, we want everyone to succeed and are firmly invested in advancing evaluation and use of data. No budget is too small to get started.

Why Krueger Consulting?

At KC, we adhere to three core values; [Humility](#), [Data](#), and [Impact](#). We are led by humility, bringing our expertise to serve as a tool, not a rule-book, focused on data to illuminate our strengths and weaknesses, and passionately working to bring impact on the status quo. We specialize in small and mediums size organizations with a focus on health and human services.

Where do we start?

We understand no two projects are the same, so we will listen to your specific needs. We'll spend a call or two simply talking and exploring your project. Next, if appropriate, KC will prepare a scope of work and budget based on our conversations, and, collectively, we'll revise until we all feel good.
