## About

Brad is a passionate, equity-focused, relationship-centric evaluator. He thrives on building systems to collect, review, and present data. He humbly embraces opportunities to support marginalized communities, supporting non-profits, tribal, state, and county agencies.

---

## Education

Master of Public Health December 2017  
Des Moines University, Des Moines, IA

Bachelor of Science, Biology December 2013  
Bethel University, St. Paul, MN

---
